

ENTREPRENEUR FOCUS

June's Floral Company

THE BOVAN FAMILY

BACKGROUND

Waneita Bovan's vision was to own her own business. Marc and Waneita Bovan approached Wirt Financial & Leasing Services (Wirt) and expressed interest in Wirt's Equity Builder™ Program. Waneita's mother started June's Floral Company and faced personal and professional challenges.

Working together with Wirt, the Bovans were able to restructure the company, pay off business debt and provide working capital for significant improvements and expanded inventory.

Waneita was featured in the Flint Journal Entrepreneur Focus in the Spring of 2007.

June's Floral Company continues to thrive and is an exceptional client for Wirt .

SUPPORTING ENTREPRENEURS

Real Estate- Wirt was able to help the Bovans acquire real estate through the use of Wirt's Equity Builder™ Program. This helped the Bovans continue to grow and expand their business.

Equipment- The Bovans also had a need for a new telephone system for their business. With the help of Wirt they were able to acquire the telephone system for a low monthly payment.

Consulting- Wirt was also able to help the Bovans through their company's growth and expansion with their business development and growth consulting services. Wirt was able to provide them with needed advice to ensure the proper steps were taken to complete the acquisition of June's Floral Company and position it for future growth.
